

## POLO SHIRTS - SWEATERS

Charlie is a young enthusiastic and aspiring golfer, who likes bright colours, the shirt, the belt and basically everything he sees the professionals wear. Charlie and his friends are the up and coming, fashion conscious golfers and we should listen to what they want.

In our polo shirt range, we have introduced some bright colours, some nuances in the styles and above all tried to accommodate the new smart ideology the bright young golfers wish to wear.

In our sweater range, we have introduced a warm, stylish blend of natural and man made fibres in a crew neck, v neck long sleeve and sleeveless v neck. These sweaters are offered in a great range of standard colours with the option of custom made colour from our shade card which has hundreds of colour options for a minimum of 48 sweaters.

Thank you, Charlie for Choosing Devanet!
