

### About Annie & Max

Annie and Max love to play golf, they also want to dress like a golfer and so they asked us to come up with some ideas. We designed a range of golf belts that could be logo'd with the club or academy crest for them. We make the golf belts in leather and in webbing. We have a wonderful range of colours and we can make any size. The kids loved them, so we were asked about some shirts and caps that could have their club crest and team name, so we added a range of caps and shirts to the range that the young golfers could have branded club clothing that were smart but affordable. Since then working with club professionals and their junior academies we offer a wide range of supporting services. See our new sweater range!!

Annie and Max have asked us to keep up with our ideas to support Junior golf with other golf products, in this online catalogue you will find a range of products that we believe are ideal for young golfers, can be branded with the club, event or academy crest.

Testimonial Rob Ashbrook - Brookfield Golf Club, Cheshire, England
